📄 CURRICULUM VITAE

Sthembiso Promise Dlamini Durban, KwaZulu-Natal, South Africa Email: [your email] | Phone: [your number] | LinkedIn: [your LinkedIn]

👩‍💻 Objective

Dedicated and detail-oriented IT professional pursuing a Diploma in Information Communication Technology (Applications Development) at Durban University of Technology. Seeking a Desktop Support Technician role at AutoEdge to apply my hands-on troubleshooting experience, strong communication skills, and passion for maintaining reliable IT systems.

🎓 Education

Durban University of Technology — Diploma in ICT (Applications Development)
Expected Completion: [Month, Year]

- Focus: C#, ASP.NET, MVC, front-end technologies
- Coursework includes system configuration, network fundamentals, and software deployment

💼 Experience

Freelance IT Support & Troubleshooting *Durban, South Africa — Jan 2023 to Present*

- Resolved .NET build errors including duplicate assembly attributes and project misconfigurations
- Adapted PowerShell and cmd commands for diverse environments
- Provided remote desktop support for Windows and Mac users
- Documented technical procedures and created user-friendly guides for non-technical clients
- Assisted with hardware setup and software installations for small businesses

University Lab Assistant (Part-Time) *Durban University of Technology — Feb 2022 to Nov 2022*

- Supported students and staff with desktop issues across Windows and Mac systems
- Maintained inventory of lab equipment and coordinated upgrades
- Logged and tracked technical issues using internal ticketing system

🛠️ Skills & Certifications

- **Operating Systems:** Windows 10/11, macOS Ventura
- **Hardware Troubleshooting:** Desktops, laptops, printers, routers
- **Software:** Visual Studio, MS Office, remote desktop tools
- **Networking:** Basic TCP/IP, Wi-Fi setup, connectivity troubleshooting
- **Communication:** Clear, professional written and verbal support
- **Certifications:**
    - A+ Certification (in progress)
    - Network+ Certification (planned for 2026)

🏆 Strengths

- Persistent and methodical problem solver
- Fast learner—quickly adapts to new tools and environments
- Professional communicator—writes tailored emails and documentation
- Passionate about backend systems and IT infrastructure reliability
